

May 26, 2021

Dear Senators and Assemblymen,

We are active Nevada voters that care about restoring trust in election outcomes by closing any loopholes that erode integrity and transparency of the process. Many of us are volunteers that serve as poll workers in neighborhood precincts. Nevada should have election laws that make it easy to vote and hard to cheat.

We strongly oppose the election-related bill AB 321 that would enshrine COVID-related emergency voting procedures into permanent law. The bill would weaken how Nevada administers our elections and open the door for fraud that dilutes the voice of legally voting Nevada citizens. Some of the problems of the bill include:

- Universal mailing of mail-in ballots to all registered voters creates more opportunities for fraud, forgery, coercion, and voter intimidation.
- Mail-in ballots would be accepted up-to four days after the election, which delays vote counting and further erodes trust in the outcomes.
- Legalizes ballot harvesting by permitting anyone to collect ballots and deliver them to a drop box or an election office.
- When verifying signatures, the bill prohibits poll workers from taking the simple step of confirming the voter's birth date.

If AB 321 passes, Nevada voters would no longer be able to count on elections to be fair, accessible, and secure. As our elected officials, entrusted with making the right decisions for the future of our state, we ask that you oppose AB 321 and similar policies.

We will continue to closely track AB 321 and other related legislation as they move forward in the Legislature. Please prioritize keeping our elections secure by opposing AB 321.

Signed,

1,780 Nevadan Voters
